Services

COMPONENT REPAIR AND OVERHAUL

Absolute Aviation offers economical and reliable commercial aircraft repair and overhaul services for electrical / electronic components and subcomponents, accessories, and instruments for Airbus, Boeing and regional jet aircraft operators around the world:

- Design Evaluation & Reliability Analysis
- Competitive Accurate Pricing
- Reliable Quality Repairs
- Exceptional Turn Time

PRODUCT IMPROVEMENT SOLUTIONS

Absolute Aviation offers Product Improvement Repair Solutions that reduce component life-cycle costs. Our Value Added Engineering procedures applied to every aircraft component repair allow us to create the best component repair solution for each airline application.

Our Value Added Engineering includes:

- Precautionary Improvements
- Preventative Changes
- DER Approved Engineered Repairs
- STC/PMA Engineered Solutions

Our engineered repair improvements can provide dramatic savings on high-cost and high-removal units, and offer valuable savings on every category of aircraft components:

- Standard Component Repairs
- Expendable Components
- BER Units
- Unsupported Aircraft & LRU's
- Level 1 Functional Test Only Items

RESEARCH AND DEVELOPMENT

Absolute Aviation provides engineering talent with a broad spectrum of design and analysis capabilities critical to minimizing repair costs and improving reliability. We provide the following services:

- Free Component Evaluation & Analysis
- Collaborative Engineering
- Design & Repair Improvements
- Cost Control Solutions
- Value Added Engineering

MAINTENANCE AND SHOP SUPPORT

Absolute Aviation values personal and professional integrity above all else. Our position is as a collaborator, not competitor. Our unique services allow us to work with airline maintenance shops to engineer cost-saving solutions. We repair high-cost and high-removal sub-components deemed BER or non-repairable by manufacturers. The savings to the shop provide several benefits:

- Budgetary & Work Center Savings
- Competitive Advantage for Third Party Work
- Revenue for More Technicians
- Additional Funds for Tools & Equipment
- Job Security
